HP Color LaserJet Enterprise M552dn

As business accelerates, workgroups need to stay ahead. That's why HP designed this affordable, energy-efficient printer, with Original HP Toner cartridges with JetIntelligence, to produce professional-quality colour documents quickly and easily.

Fast performance—right when you need it

- Print from sleep mode in as fast as 9 seconds. Get two-sided prints as quickly as one—up to 35 ipm. 2
- This printer uses exceptionally low amounts of energy—thanks to smart media sensing and toner technology.3
- Manage jobs and settings quickly with the 4-line colour display and use the 10-key pad for PIN printing.
- Consistently print high-quality documents across a variety of media—including A5—with automatic media sensing.

Your fleet—simple, protected, streamlined

- Centralize control of your print environment with HP Web Jetadmin⁵—and help build business efficiency.
- Protect sensitive business data with embedded and optional HP JetAdvantage Security Solutions.⁴
- Give workgroups what they need to succeed. Easily develop, deploy, and add on HP and third-party solutions.⁶
- Further safeguard data stored on the printer, using the optional HP Trusted Platform Module.⁷

Print whenever business demands

- Get optional wireless direct printing. Send prints from mobile devices—without accessing the network.⁸
- Add the option to print with a touch of your NFC-enable mobile device to this printer—no network needed.9
- Easily print from a variety of smartphones and tablets—generally no setup or apps required.¹⁰

More. Pages, Performance, and Protection.

- Original HP Toner cartridges with JetIntelligence deliver more pages per cartridge than predecessors.¹¹
- Count on professional quality at fast speeds—high-performance toner works best with your HP printer.
- Help ensure the authentic HP quality you paid for with anti-fraud and cartridge authentication technology.
- Print right away with preinstalled cartridges. Replace them with optional high-yield cartridges.
- Protect your investment with HP Care Pack. Let our HP certified engineers resolve all your technical issues.¹³
- Measured using ISO/IEC 17629. For more information, see https://pr.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity. Measured using ISO/IEC 24734 and excludes first set of test documents. For more information, see https://pr.com/go/printerclaims. Exact speed varies depending on the system configuration, software application,
- driver, and document complexity. Based on HP testing using the ENERGY STAR® program's Typical Electricity Consumption (TEC) method or as reported in energystar.gov vs. competitive single-function color laser printers with print speeds
- between 31 and 44 pages per minute (ppm) as of November 2014. Actual results may vary. Some solutions require download or additional purchase. Learn more at hp.com/go/printingsolutions
- Universal device plug-in is offered with HP Web Jetadmin 10.3 SR4 and higher. HP Web Jetadmin is free and available for download at hp.com/go/webjetadmin Solutions deployed through the Hardware Integration Pocket (HIP) may require additional purchase.
- Use of the optional HP Trusted Platform Module accessory may require a firmware upgrade.
- Wireless direct printing requires purchase of optional module, available fall 2015. Mobile device needs to be connected directly to the Wi-Fi network of a wireless direct—capable multifunction printer (MFP) or printer prior to printing. Depending on mobile device, an app or driver may also be required. Wireless performance is dependent on physical environment and distance from the access point in the MFP
- or printer. For details, see hp.com/go/businessmobileprinting
 Touch-to-print capability requires additional purchase of HP Jetdirect 3000w NFC/Wireless Accessory, available fall 2015. Mobile device must support near-field communications (NFC)—enabled printing. For more information, see $\underline{\mathsf{hp.com/go/mobileprinting}}$
- 10 Local printing requires mobile device and printer be on the same network or have a direct wireless connection. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP Web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area See hp.com/go/mobileprinting for more details. Some features require purchase of an optional accessory, available Fall 2015.
- 11 More pages vs. predecessor cartridges claim based on page yield comparison of HP 507A/X LaserJet Black Toner Cartridges to HP 508A/X LaserJet Black Toner Cartridges to HP 508A Cyan, Magenta, and Yellow Toner Cartridges. The claim does not apply to the HP 508A Cyan, Magenta, and Yellow LaserJet Toner Cartridges.
- For more information, see hp.com/go/learnaboutsupplies
 High-yield Original HP 508X LaserJet Toner cartridges not included; please purchase separately.

ON WHERE SERVICES OF THE SERVI

- IGMPv2, BOOTP/DHCP, WINS, IP Direct Mode, WS Print; Other: NetWare NDS, Bindery, NDPS, ePrint

 Measured using ISO/IEC 24734, excludes first set of test documents. For more information see hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity.

 May require a firmware upgrade to be compatible, download at hp.com/go/support

 Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups.

 HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.

 Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages; this will damage the printer and void the product warranty. Power consumption in Auto-Olf mode depends on customer network switch capability, user configuration and network activity. Off-mode power may vary while checking network packets for print jobs.

 Acoustic values are subject to change. For current information see hp.com/support. Configuration tested: base model, simplex printing, A4 paper at an average of 20 ppm.

 600 x 600 dpi x 8 bit default engine resolution with ImageRet 3600 Enhancement Technology.

 Purchase of optional paper trays required to reach maximum input capacity.
